period of time the person is being trained by the employer;

(8) Be responsible for the care of a dependent household member under the age of 6;

(9) Be responsible for the care of a dependent household member who has reached the age of 6 but is under age 12 when the State agency has determined that adequate child care is not available to enable the student to attend class and comply with the work requirements of paragraph (b)(5) or (b)(6) of this section;

(10) Be a single parent enrolled in an institution of higher education on a full-time basis (as determined by the institution) and be responsible for the care of a dependent child under age 12.

(i) This provision applies in those situations where only one natural, adoptive or stepparent (regardless of marital status) is in the same food stamp household as the child.

(ii) If no natural, adoptive or stepparent is in the same food stamp household as the child, another full-time student in the same food stamp household as the child may qualify for eligible student status under this provision if he or she has parental control over the child and is not living with his or her spouse.

(11) Be assigned to or placed in an institution of higher education through or in compliance with the requirements of one of the programs identified in paragraphs (b)(11)(i) through (b)(11)(iv) of this section. Self-initiated placements during the period of time the person is enrolled in one of these employment and training programs shall be considered to be in compliance with the requirements of the employment and training program in which the person is enrolled provided that the program has a component for enrollment in an institution of higher education and that program accepts the placement. Persons who voluntarily participate in one of these employment and training programs and are placed in an institution of higher education through or in compliance with the requirements of the program shall also qualify for the exemption. The programs are:

(i) A program under the Job Training Partnership Act of 1974 (29 U.S.C. 1501, et seq.);

(ii) An employment and training program under § 273.7;

(iii) A program under section 236 of the Trade Act of 1974 (19 U.S.C. 2296); or

(iv) An employment and training program for low-income households that is operated by a State or local government where one or more of the components of such program is at least equivalent to an acceptable food stamp employment and training program component as specified in § 273.7(f)(1). Using the criteria in § 273.7(f)(1), State agencies shall make the determinations as to whether or not the programs qualify.

(c) The enrollment status of a student shall begin on the first day of the school term of the institution of higher education. Such enrollment shall be deemed to continue through normal periods of class attendance, vacation and recess, unless the student graduates, is suspended or expelled, drops out, or does not intend to register for the next normal school term (excluding summer school).

(d) The income and resources of an ineligible student shall be handled as outlined in § 273.11(d).

§ 273.6 Social security numbers.

(a) *Requirements for participation.* The State agency shall require that a household participating or applying for participation in the Food Stamp Program provide the State agency with the social security number (SSN) of each household member or apply for one before certification. If individuals have more than one number, all numbers shall be required. The State agency shall explain to applicants and participants that refusal or failure without good cause to provide an SSN will result in disqualification of the individual for whom an SSN is not obtained.

(b) *Obtaining SSNs for food stamp household members.* (1) For those individuals who provide SSNs prior to certification, recertification or at any office contact, the State agency shall

§ 273.6

7 CFR Ch. II (1–1–01 Edition)

record the SSN and verify it in accordance with § 273.2(f)(1)(v).

(2) For those individuals who do not have an SSN, the State agency shall:

(i) If an enumeration agreement with SSA exists, complete the application for an SSN, Form SS-5. To complete Form SS-5, the State agency must document the verification of identity, age, and citizenship or alien status as required by SSA and forward the SS-5 to SSA.

(ii) If no enumeration agreement exists, an individual must apply at the SSA, and the State agency shall arrange with SSA to be notified directly of the SSN when it is issued. The State agency shall inform the household where to apply and what information will be needed, including any which may be needed for SSA to notify the State agency of the SSN. The State agency shall advise the household member that proof of application from SSA will be required prior to certification. SSA normally uses the Receipt of Application for a Social Security Number, Form SSA-5028, as evidence that an individual has applied for an SSN. State agencies may also use their own documents for this purpose.

(3) The State agency shall follow the procedures described in paragraphs (b)(2) (i) and (ii) of this section for individuals who do not know if they have an SSN, or are unable to find their SSN.

(4) If the household is unable to provide proof of application for an SSN for a newborn, the household must provide the SSN or proof of application at its next recertification or within 6 months following the month the baby is born, whichever is later. If the household is unable to provide an SSN or proof of application for an SSN at its next recertification within 6 months following the baby's birth, the State agency shall determine if the good cause provisions of paragraph (d) of this section are applicable.

(c) *Failure to comply.* If the State agency determines that a household member has refused or failed without good cause to provide or apply for an SSN, then that individual shall be ineligible to participate in the Food Stamp Program. The disqualification applies to the individual for whom the

SSN is not provided and not to the entire household. The earned or unearned income and resources of an individual disqualified from the household for failure to comply with this requirement shall be counted as household income and resources to the extent specified in § 273.11(c) of these regulations.

(d) *Determining good cause.* In determining if good cause exists for failure to comply with the requirement to apply for or provide the State agency with an SSN, the State agency shall consider information from the household member, SSA and the State agency (especially if the State agency was designated to send the SS-5 to SSA and either did not process the SS-5 or did not process it in a timely manner). Documentary evidence or collateral information that the household member has applied for an SSN or made every effort to supply SSA with the necessary information to complete an application for an SSN shall be considered good cause for not complying timely with this requirement. Good cause does not include delays due to illness, lack of transportation or temporary absences, because SSA makes provisions for mail-in applications in lieu of applying in person. If the household member can show good cause why an application for a SSN has not been completed in a timely manner, that person shall be allowed to participate for one month in addition to the month of application. If the household member applying for an SSN has been unable to obtain the documents required by SSA, the State agency caseworker should make every effort to assist the individual in obtaining these documents. Good cause for failure to apply must be shown monthly in order for such a household member to continue to participate. Once an application has been filed, the State agency shall permit the member to continue to participate pending notification of the State agency of the household member's SSN.

(e) *Ending disqualification.* The household member(s) disqualified may become eligible upon providing the State agency with an SSN.

(f) *Use of SSNs.* The State agency is authorized to use SSNs in the administration of the Food Stamp Program. To

the extent determined necessary by the Secretary and the Secretary of Health and Human Services, State agencies shall have access to information regarding individual Food Stamp Program applicants and participants who receive benefits under title XVI of the Social Security Act to determine such a household's eligibility to receive assistance and the amount of assistance, or to verify information related to the benefit of these households. State agencies shall use the State Data Exchange (SDX) to the maximum extent possible. The State agency should also use the SSNs to prevent duplicate participation, to facilitate mass changes in Federal benefits as described in § 273.12(e)(3) and to determine the accuracy and/or reliability of information given by households. In particular, SSNs shall be used by the State agency to request and exchange information on individuals through the IEVS as specified in § 272.8.

(g) *Entry of SSNs into automated data bases.* State agencies with automated food stamp data bases containing household information shall enter all SSNs obtained in accordance with § 273.6(a) into these files.

§ 273.7 Work requirements.

(a) *Persons required to register.* Each household member who is not exempt by paragraph (b)(1) of this section shall be registered for employment by the State agency at the time of application, and once every twelve months after initial registration, as a condition of eligibility. The registration form need not be completed by the member required to register.

(b) *Exemptions from work registration.* (1) The following persons are exempt from the work registration requirement:

(i) A person younger than 16 years of age or a person 60 years of age or older. If a child has its 16th birthday within a certification period, the child shall fulfill the work registration requirement as part of the next scheduled recertification process, unless the child qualifies for another exemption. A person age sixteen or seventeen who is not a

head of a household or who is attending school, or enrolled in an employment training program on at least a half-time-basis is exempt.

(ii) A person physically or mentally unfit for employment. If mental or physical unfitness is claimed and the unfitness is not evident to the State agency, verification may be required. Appropriate verification may consist of receipt of temporary or permanent disability benefits issued by governmental or private sources, or of a statement from a physician or licensed or certified psychologist.

(iii) A household member subject to and complying with any work requirement under title IV of the Social Security Act, including WIN registration. If the exemption claimed is questionable, the State agency shall be responsible for verifying the exemption.

(iv) A parent or other household member who is responsible for the care of a dependent child under 6 or an incapacitated person. If the child has its 6th birthday within a certification period, the individual responsible for the care of the child shall fulfill the work registration requirement as part of the next scheduled recertification process, unless the individual qualifies for another exemption.

(v) A person is in receipt of unemployment compensation. A person who has applied for, but has not yet begun to receive, unemployment compensation shall also be exempt if that person was required to register for work with the SESA as part of the unemployment compensation application process. If the exemption claimed is questionable, the State agency shall be responsible for verifying the exemption with the appropriate office of the SESA.

(vi) A regular participant in a drug addiction or alcoholic treatment and rehabilitation program.

(vii) A person who is employed or self-employed and working a minimum of 30 hours weekly or receiving weekly earnings at least equal to the Federal minimum wage multiplied by 30 hours. This shall include migrant and seasonal farmworkers who are under contract or similar agreement with an employer or crew chief to begin employment within 30 days (although this shall not prevent individuals from
